## OBJECTIVE

I am a detail-oriented Full Stack Developer with a strong foundation in web development and highly motivated and eager to contribute to innovative projects, with hands-on experience in developing responsive, user-friendly web applications using modern technologies. Quick to learn new concepts, skilled in problem-solving, and passionate about continuous growth in the tech organization.

## SKILLS

Language : HTML5, CSS3, JavaScript, Python, Java

Framework: React.js, Bootstrap 5

Database : MySQL, MongoDB

Tools : Git, GitHub, VScode, IntelliJ, Eclipse, MS-Office

## PROJECT

### TRELLO.COM (DEMO-VERSION) | [LINK](#)

JULY 2025 – AUG 2025

Developed a Trello-style interface with responsive layouts and card-based UI using HTML, CSS, and Bootstrap. Mimicked Trello's functionality with interactive pricing and login pages.

### CHICK.FIL.A.COM (DEMO-VERSION) | [LINK](#)

AUG 2025 – SEP 2025

Built a responsive front-end clone using React.js and React-Bootstrap for reusable UI components and responsiveness. Enhanced design with CSS3 Grid and Flexbox to create a user-friendly interface.

## EDUCATION

### T.B.M.L ARTS AND SCIENCE COLLEGE, PORAIYAR

BACHELOR OF COMPUTER APPLICATION (BCA) | AUG 2022 – APR 2025

Graduated

### GOVERNMENT MODEL HIGHER-SEC SCHOOL, VEDARANYAM

HSC | MAR 2021 – MAY 2022

Graduated

## CERTIFICATE

- Internship Certificate - AITechnoskill, Mayiladuthurai
- Java Full Stack Course - Hejex Technology, Chennai
